

EI for PHS – WORKSHOP

Maribor, 25th January 2018

The EI FOR PHS (Employee Involvement in Personal Care and Household Services) project is expected to foster AWARENESS of employers and workers on workers' rights to Information, Consultation and Participation (ICP) in the Personal Care and Household Services (PHS) sector at national and European level and to boost BUSINESS MODELS AND GOVERNANCE APPROACHES that ensure the effective involvement of employees in the management of PHS enterprises. The project seeks to serve as a tool to policy makers, trade unions, workers and employers in their efforts to create full, decent and quality employment in PHS sector through the enhancement of workers' ICP rights.
